## What is The Nostalgia Box?

The Nostalgia Box is Australia's first interactive Video Game Console Museum, located in Northbridge. A day at The Nostalgia Box promises new experiences, a loving trip down memory lane, and a crash-course in the history of gaming.

### **Museum**

In our museum, we have over 100 consoles on display, ranging from the 70s through to now. This is a great way to go behind the scene and uncover the 'making' of present-day consoles as you make your way through the museum reading the stories of each console.

### **Games Area**

After reading and learning about the history, now students get to experience the technology and video games they just read about. We have all the classics like PONG, space invaders, Super Mario Bros and many more.

Your students can also have their lunch on the stairs or along upgraded Museum Street (just across The Nostalgia Box) which features a pedestrian friendly connection to Perth's Cultural Centre, trees, street furniture and artwork. Or the nearby Cultural Centre Precinct houses a frog-friendly pond (maximum water depth = 27cm), gardens and limited outdoor seating which is perfect for lunch breaks too.

- **We provide student materials for the excursion**

We prepare materials that student can work on during their visit. Questions and answers will be provided to teachers beforehand so teachers can prepare additional materials and topics.

### Student Capacity

We can cater large groups of up to 30-40 students. For bigger groups, we can split the group into more manageable numbers where some visits the Cultural Centre while some visit The Nostalgia Box. This has worked well in the past and we have received really good feedback from teachers.

### Duration

Allow 1 hour for the visit.

### Supervisor/Supervisory Team

The Nostalgia Box will have at least one staff member on duty at all times to work with the students and teachers, however they will not take any role in a supervisory context. They will however monitor behaviour and will intervene where behaviour or activities put displays and/or the safety of individuals and other visitors at risk.

As such, we do require a supervisory team for excursions to The Nostalgia Box. The school supervisory team must accompany students throughout the excursion, actively monitor behaviour and intervene as necessary.

The Nostalgia Box recommends the following ratios, with a mandatory minimum of 2 supervisors per school supervisory team.
